

Vina Otano Rioja DOCa 2023

Rioja, Spain

90% Tempranillo; 10% Mazuelo

The Rioja wine region became famous for its wood ripening wines. Yet you discover the real rioja in the young wine of Isaac. Without wood you can taste the real terroir; pure fruit, pepper and soft minerals.

About the winegrower

"Bodega Marqués de Tomares has been in the hands of my family for four generations. In 1910, my grandfather Don Romana founded the winery. I always stand with the same family philosophy in the vineyards: the wines must translate the unique terroir of the area. Although it may be commercially attractive to make wines with a lot of wood maturation, we go our own way. We do not make vanilla bombs that are found by the masses, but rather refined wines, in this case even without wood maturation."
